

School social work offerings (in English)

The office of school social work provides assistance in connection with social questions, problems and crises, and also in connection with any form of discrimination, racism or bullying. Its offerings are available at no cost to children and adolescents, parents, carers and teachers.

Our offerings include the following services:

- Provision of information, advice and support in connection with social questions, problems and crises
- Provision of information, advice and support in connection with questions relating to parenting and childcare
- Referrals to further specialised services
- Cooperation in class and school projects on social topics

Getting in touch with us early enables us to provide you with effective support.
