Are you ...	Ideal travelcard/ticket
a woman aged 64 or older or a man aged 65 or older?	GA Travelcard for senior citizens

Passengers with restricted mobility: Step by step, SBB is working to make autonomous access possible for all passengers. Where this is not yet possible, alternative arrangements (assistance on and off transport) are offered. SBB Call Center Handicap is available under the toll free number 0800 007 102 to book assistance getting on and off transport and to provide further information. Tactile aids make navigating within train stations easier, and monitors and hearing amplifiers facilitate communication.

Purchase: The travelcards and tickets mentioned are available at the train station, but they can also be ordered online: www.sbb.ch/ticketshop. You can obtain further information at any station ticket counter.
